OAKWOODS CEMETERY.

IS located on Cottage Grove Avenue and 67th Street. All of the Hyde Park trains stop at 67th Street.

The funeral trains by the Illinois Central R. R. leaving the city at 2 and 3 o'clock p. m., go to the cemetery gate. The Pittsburg & Ft. Wayne R. R. suburban trains also stop at Cottage Grove Avenue, at southwest corner of the grounds.

There are good carriage roads from the city and Englewood through the park and Cottage Grove Ave. Also by 63d St., South Park Ave., and 67th St.

This cemetery *was designated and is improved entirely on the lawn system.* No chains, fences, or stone coping allowed in the grounds.

Oakwoods Cemetery is *now* what its founders promised it should be in the beginning of the improvements. Its forest of trees, planted from year to year; its large deep lakes and broad paved avenues, fronting the improved sections, all attest the wisdom of the original plans and the generosity of those who have carried on the work, and instead of magnifying the advantages and beauties of the cemetery, the Association simply ask the public to visit the grounds and judge for themselves

Mount Greenwood Cemetery

Is located on a beautiful timbered ridge at 111th Street, on the Grand Trunk Railroad, and immediately opposite Mount Olivet Cemetery. It is designed and ornamented entirely on the lawn system, no fences or stone coping being allowed on the grounds. The funeral train runs directly to the grounds, and all surburban trains on the C., R. I. & P. R., stop at Morgan Park, about three-fourths of a mile distant.

There are also good carriage roads in all directions by way of Western Avenue, Halsted Street or State Street and Old Vincennes Road. Good Vault and Green Houses on the Grounds.

PREFACE.

We present the Town of Lake Directory to our Patrons with the belief that it will prove a welcome guest.

The publishers have spared neither time, labor nor expense, to make this Directory accurate and complete in every department. It has been a work requiring peculiar care and attention, owing to the great extent of territory and the imperfect street numbering in a considerable portion of the town.

This, together with the frequent removals, and the numerous buildings just about completed, has caused a delay which will be overcome in succeeding issues.

We desire to thank the business men for the liberal patronage bestowed, and shall endeavor to merit a continuance in our next issue — July, 1886.

Very respectfully,

R. R. DONNELLEY & SONS.

G. H. WADSWORTH'S

CASH GROCERY HOUSE,

TILLOTSON'S BLOCK, ENGLEWOOD.

The Cash System has proved a great success. The people of Englewood have seen that they can easily save 10 per cent. by buying for cash. The inevitable losses by the Old Credit Plan and the necessary expense of book-keeping, compels the grocer to ask larger profits when he sells on credit. Prices are so fluctuating that I now omit quotations. Please remember that I always guarantee my prices to be as low (if not lower) than any grocery firm in Chicago. We will deliver goods very promptly and guarantee all we sell in every respect. Being very centrally located (next door west of post-office) and having a large stock, bought low for cash—we know that we can save you money in purchasing first-class goods.

Yours, etc.

G. H. WADSWORTH.

WOULD YOU GIVE $100 FOR A HOME?

You can get a new two story 5 room house, with 50 ft. lot, nicely fenced, with well and cistern, for $1,100 by paying only $100 down and $15.38 monthly, including interest.

Such a house in the City rents for not less than $20 a month, and in many of the Suburbs for not less than $15, therefore your home would cost only $100, the balance being rent you would otherwise throw away.

WHERE CAN THIS BE DONE?

AT

FERNWOOD!

Fernwood is located between Pullman and Washington Heights, on high rolling land. Commanding a fine view of Pullman, Kensington, Roseland, Washington Heights, South Englewood, Auburn, Grand Crossing and South Chicago, and is only 12 miles from Madison Street.

Reached by 3 lines of Railroad, all landing passengers in the heart of the City with no bridges to cross. The commutation fare is only $5.00 monthly, and 10 ride tickets $1.20. The running time 37 to 45 minutes, most of the trains making the run in 40 minutes.

Fernwood is restricted against Saloons and all other nuisances. Has convenient stores, and a coal yard where coal is sold at City prices.

Every man with a growing family should consult his best interests, and rear his children where health abounds, and where the noisome influence of the crowded City will not contaminate the lives of his dear ones

There is no place like the country for children, and the saving in doctor's bills alone will almost pay for the home. Then the pleasure and profit of a nice garden are worth more than all the car fare you would pay in a whole year. The soil at Fernwood is the finest in the world for gardening purposes.

Now if you will fairly consider what it costs you to live in the City and how much you are throwing away in rent, and the annual wear and tear of moving, you will come to Fernwood and have a home of your own.

We will take you any day to see the property free, and will build you a house to suit, on terms that you can meet if you can pay rent.

CHICAGO LAWN.

This beautiful new suburb offers superior inducements to those of moderate means, who wish to get pleasant Homes, or to invest for SPECULATION.

A SIX CENT RIDE TO THE CITY.

Lots $200; and can be paid for in $5 monthly payments. Title perfect. Prices will soon advance. A few more lots given to those who build houses worth $1000 or more. Neat houses ranging in price, from $1,100 to $5,000, for sale on terms to suit purchasers.

Chicago Lawn is located southwest of the city on the Chicago and Grand Trunk R. R. and 63rd St. Being southwest of Chicago it escapes the bad odors of the city, the prevailing winds being from the southwest. Rich soil, good drainage toward Chicago and Englewood, trees planted, streets graded, sidewalks built. First-class educational facilities. Literary and musical societies. Church train to the city on Sundays. Lots shown free.

The Cyclostyle. Specimen Copy

Have you seen the Cyclostyle, if not go to 116 La Salle St. Chicago. or send for Circulars and Specimens and investigate its its working principles.

In fact it is the process where a fac-simile of the handwriting is preserved. The Hektograph, and Electric Pen, are no where compared to the Cyclostyle. The process is very simple and rapid 2000 copies can be taken from one Original. Call and see it. No washing, No Aniline No Dampening, No Electricity. No Chemicals. a child can use it and it is considered to be the best, cheapest and cleanest apparatus in use. Any one who can write with a pencil can do so with our pen.

For further particulars apply or write to Cyclostyle Co 116 La Salle St Chicago Ill. Over

THE POPULARITY AND SUCCESS THAT HAS FOLLOWED

DR. CUTLER'S

COMPOUND OXYGEN TREATMENT

Has necessitated the opening of new and elegant offices in McVicker's Theatre building, where patients are cordially invited to test this pleasant, potent and popular remedy **Free of Charge.** Dr. C. has made the Germ theory and Anti-Septic treatment of disease a lifetime study, and diseases that have been pronounced incurable have yielded readily under his treatment.

Treatments expressed to all parts of the world. An interesting book to all applicants *Free.* Address

Dr. J. G. Trine's Institute of the Movement Cure.

Comprising Localized and Special, Passive and Resistive (Swedish) Movements, Manual and Mechanical Massage.

Including a complete outfit of Dr. Geo. H. Taylor's Vibrating, Rubbing and Kneading Apparatus, operated by Steam Power, and with most agreeable and remarkable effect.

105 and 107 State Street, (Entrance to Elevator 103) **CHICAGO, ILL.**

The most commodious, best fitted, most successful, oldest and only **Movement Cure** in the West where the full advantages of the treatment can be obtained. Established in 1867.

Hours for Consultation and Treatment: Ladies, 9 A. M. to 12 M. Gentlemen, 2 to 6 P. M.

The **Movement Cure** constitutes a Remedial Treatment for **Chronic Affections and Weaknesses.**

The Mechanical Apparatus supply operations otherwise impossible, and with a delicacy of touch otherwise unattainable. Its application is entirely under the control of the patient, and suits his feelings.

Interested inquirers will at any time be freely shown the nature and form of process applicable to such special cases as they may present.

These are permanent and indispensable additions to the resources of medicine, of universal utility, and adapted to the *weakest invalid.*

In addition to the invaluable resources of the **Movement Cure**, we employ, as a case may require,

THE MOLIERE THERMO-ELECTRO BATHS.

They induce a profuse perspiration by the combined action of electricity, oxygen and heat. Exclusively private. Separate baths for ladies.

WOODRUFF'S ELECTRIC COUCH,

For administering both the *Galvanic* and *Faradic* current, the construction being such, that while the patient is in easy reclining position, any particular part, or the entire body, can be instantly brought under the influence of either a Galvanic or Faradic current of any desired strength of either intensity or quality. *Safe, simple painless, and highly effective.*

DR. TRINE has had an experience of twenty years' practice, the past seventeen of which have been spent in Chicago, and his patrons are among the most refined, intelligent and influential of her citizens. Any further information cheerfully given on application at the office or by letter. No charge for consultation. SEND FOR CIRCULAR.
